# User Story

Wahidiyan adalah seorang pemuda yang bekerja di suatu bengkel servis motor bernama Yohellia Motor. Suatu hari Wahidiyan merasa bahwa Yohellia Motor semakin sepi dikarenakan kurangnya pemasaran dan juga tidak banyak dikenal oleh orang. Selain itu menurut Wahidiyan, Yohellia Motor juga tidak memiliki sistem untuk booking servis motor sehingga pelanggan harus datang terlebih dahulu dan jika pada saat itu terdapat banyak pelanggan maka pelanggan tersebut akan menunggu lama. Dengan adanya masalah-masalah tersebut Wahidiyan memiliki tekad untuk membantu Yohellia Motor lebih dikenal oleh pelanggan dan juga membuat sistem booking servis motor untuk membantu pelanggan agar tidak mengantri dan membantu Yohellia Motor dalam manajemen pelanggan yang datang.
